Andy Matysik

Chief Executive Officer

As Chief Executive Officer, Andy provides vision and direction for Punch. He leads the firm's culture, motivating the quality and character of the team and inspiring a relentless dedication to Punch's clients. Andy remains closely involved in all aspects of advisory services at the firm while giving colleagues clarity and helping them focus within their strengths. Andy is passionate about alignment and an organizational design that enables clients and colleagues to achieve a vision that is beyond themselves.

Andy has been a managing partner of the firm since its founding in 2002, leading Punch to become a highly unique and differentiated advisory and asset management firm. Never content with the status quo, Andy insists on defining and delivering purposeful results, inspiring others with a rare combination of humility and humor.

Prior to Punch's inception, Andy was an advisor with a major investment firm. He earned his B.B.A. degree in Finance, Investments, and Banking from the University of Wisconsin–Madison. Andy purchased his childhood home to build a life in the Edina community with his wife, Jennifer, and their four children.
