

Punch

A BOUTIQUE INVESTMENT ADVISORY

Miraya Gran

Operations Analyst

“Most trusted advisor” is a moniker that Miraya works hard to help Punch achieve. After more than a decade working at law and tax firms, she developed a deep love for client care and being part of a team that offers a sky-high level of service. Being an Operations Analyst at Punch allows her to do just that.

On any given day, you’ll find Miraya opening, closing, and transferring accounts, acting as a liaison between the custodian and the client, and streamlining processes. She has an exceptional ability to build rewarding, long-term relationships with clients and spot their needs from miles away. Her favorite parts of the job are being one of the first calls a client makes in their time of need and working with philanthropic clients who want to wield their financial resources for good.

Miraya is the proud owner of a Political Science degree from the University of Minnesota and an even prouder Golden Gopher, which means she never misses a chance to catch a game at TCF Bank Stadium or The Barn—not surprising for someone with a “work hard, play hard” motto. Speaking of playing hard, she’s a big fan of snowmobiling, boating, golfing, and traveling with her equally fun-loving hubby. If you need a good beach read or book club selection, just ask Miraya. She’s often pages deep into her book du jour and is more than happy to discuss its merits with you at length. That is, unless a client needs her attention. Then you’ll just have to wait.
